All Electric Supply Circle, SBPDCL.
Electrical Executive Engineer,
All Electric Supply Division, SBPDCL.**

Subject:- Maintenance of Power Distribution system for uninterrupted power supply & safety precaution during Deepawali and Chhath Puja of year 2019.

Sir,

You are aware that Deepawali and Chhath Puja festival of year 2019 are going to be celebrated in the coming days .During this period it is expected that there will be huge crowd near Laxmi /Kaali Puja Pandals and Chhath Ghats in urban and in Rural areas. In such places it is required to keep the distribution system healthy for uninterrupted power supply and also for safety of the crowd.

Hence, you are directed to follow the under noted points for safe operation of distribution System.

1. Open Control Room at Division level and circulate the Control Room number in your area & also to DM control room.
2. You will insure augmentation of existing DT and installation of additional DSS where there is possibility of excess load.
3. Proper gap from Puja pandals & Chhath Ghats to H.T. & L.T. Line must be maintained as per Indian Electricity Rule.
4. Dilapidated conductor near Pandals & Ghats must be replaced.
5. Guarding under HT lines must be maintained for safety point of view.
6. L.T. Phase separators should be fixed in LT Line everywhere in the vicinity of Puja pandals & Chhath Ghats. LT lines should be properly sagged and maintained.

(Operation & Maintenance Department)

7. Burnt DT must be replaced at the earliest.
8. All connections, Bus-Bars, AB switches & Earthing of all DSS near Puja pandals & Chhath Ghats must be checked & maintained properly.
9. 33 KV line should be maintained and 11 KV & 33 KV VCB in PSS must be operational.
10. All PSS should be checked & properly maintained.
11. Emergency maintenance gang should be deputed at vulnerable locations & close vigil taken so that quick remedial measures may be taken if required.
12. Any other safety measure whatsoever required.

Please note that no Puja Pandals /Chhath Ghats should avail power without proper temporary electrical connections. Legal action must be taken as per provision of Indian Electricity Act against the organisers/decorators if they are found availing power in an unauthorised manner.

Please treat it as Most Urgent.

Yours faithfully,

Sd/-
